County Office of Education Fiscal Accountability Reporting

I. SUMMARY OF THE MANDATE

On October 26, 2000, the Commission on State Mandates adopted its Statement of Decision for this claim finding that Education Code sections 1240, subdivision (j), 1240.2, 1620, 1622, 1625, 1628, and 1630 impose a new program or higher level of service within an existing program upon county offices of education within the meaning of section 6, article XIII B of the California Constitution and costs mandated by the state pursuant to Government Code section 175 14. Accordingly, the Commission approved this test claim for the following activities necessary for county offices of education to comply with annual budget reporting requirements:

1. Preparing, reviewing, approving and submitting, in the format or on forms prescribed by the State Superintendent of Public Instruction, financial and budgetary status reports, one within 45 days of the conclusion of the period ending October 31, and one within 45 days of the period ending January 31. Certifying in writing, either positively, qualifiedly or negatively, within 45 days after the close of the period being reported, whether the county office of education is able to meet its financial obligations for the remainder of the fiscal year and, based on current forecasts, for the subsequent two fiscal years. (Ed. Code, § 1240, subd. (j).)
2. Sending a copy of each county office of education budget status report and financial certification to the State Superintendent of Public Instruction. (Ed. Code, § 1240, subd. (j).)
3. Sending a copy of any negative or qualified county office of education financial certification to the State Controller. (Ed. Code, § 1240, subd. (j) .)
4. Providing to the State Controller and the State Superintendent of Public Instruction, no later than June 1, a financial statement that covers the financial and budgetary status of the county office of education for the period ending April 30 and projects the fund and cash balances of the county office of education as of June 30. This is only applicable to

a county office of education that has a qualified or negative financial certification. (Ed. Code, § 1240.2.)

5. Adjusting for the earlier deadline of holding the public hearing by July 1. (One-time, if costs were incurred within reimbursement period.) (Ed. Code, § 1620.)
6. Revising the county office of education budget to reflect changes in projected income or expenditures subsequent to July 1, including any response to the recommendations of the State Superintendent of Public Instruction. (Ed. Code, § 1622.)
7. Posting the agenda at least 72 hours prior to the public hearing regarding the budget revisions, including the location where the revised budget and supporting data will be available for public inspection (only when not reimbursable under the Open Meetings Act Parameters and Guidelines). (Ed. Code, § 1622 .)
8. Holding a second public hearing prior to finalizing the revised budget. (Ed. Code, § 1622.)
9. Filing the revised budget with the county board of supervisors and the county auditor. (Ed. Code, § 1622.)
10. Drafting a statement of correction when the county office of education incurs a negative balance. (Ed. Code, § 1625.)
11. Preparing and filing with the State Superintendent of Public Instruction a statement of all receipts and expenditures of the county office of education for the preceding fiscal year, in a format or on forms prescribed the State Superintendent of Public Instruction. (Ed. Code, § 1628.)
12. Submitting to the State Superintendent of Public Instruction, in response to a request pursuant to Education Code section 1630, subdivision (a)(3), a financial projection of all fund and cash balances. (Ed. Code, § 1630.)
13. Encumbering all contracts and other obligations, but only when performed in compliance with Education Code section 1630, subdivision (a)(4). (Ed. Code, § 1630.)
14. Preparing for the State Superintendent of Public Instruction, in response to a request pursuant to Education Code section 1630, subdivision (a)(4), appropriate cash-flow analyses and monthly or quarterly budget revisions. (Ed. Code, § 1630.)
15. Recording all receivables and payables, but only when performed in compliance with Education Code section 1630, subdivision (a)(4). (Ed. Code, § 1630.)
16. Submitting a proposal to the State Superintendent of Public Instruction, in response to a request pursuant to Education Code section 1630, subdivision (a)(5), for addressing the fiscal conditions that resulted in the determination that the county office of education may not meet its financial obligations. (Ed. Code, § 1630.)

II. ELIGIBLE CLAIMANTS

County Superintendents of Schools (county offices of education) which incur increased costs as a result of this mandate are eligible to claim reimbursement pursuant to Government Code section 175 19.

III. PERIOD OF REIMBURSEMENT

Government Code section 17557, prior to its amendment by Statutes of 1998, chapter 681 (effective September 22, 1998), stated that a test claim must be submitted on or before December 31 following a given fiscal year to establish eligibility for that fiscal year. The test claim for this mandate was submitted on December 22, 1997, therefore all mandated costs incurred on or after July 1, 1996 are reimbursable.

Actual costs for one fiscal year shall be included in each claim. Estimated costs for the subsequent year may be included on the same claim, if applicable. Pursuant to Government Code section 17561, subdivision (d)(1), all claims for reimbursement of initial years' costs shall be submitted within 120 days of release of claiming instructions by the State Controller.

If the total costs for a given fiscal year do not exceed \$200, no reimbursement shall be allowed except as otherwise provided for by Government Code section 17564.

IV. REIMBURSABLE ACTIVITIES

For each eligible claimant, the following activities are eligible for reimbursement:

A. Public Hearing on Proposed Budget (Ed. Code, § 1620.)

Amending the policies and procedures to reflect the earlier deadline of July 1 for holding a public hearing on the proposed county school service fund budget. (One-time activity.)

B. Annual Statement of Receipts and Expenditures (Ed. Code, § 1628.)

On or before September 15 each year, the county superintendent of schools shall prepare and file with the State Superintendent of Public Instruction, on forms or in a format prescribed by the State Superintendent of Public Instruction, an annual statement of all receipts and expenditures of the county office of education for the preceding fiscal year.

C. Revised Annual Budget (Ed. Code, § 1622.)

- ⌘ On or before September 8, the county board of education shall revise the county office of education budget to reflect changes in projected income or expenditures subsequent to July 1 and to include any response to the recommendations of the State Superintendent of Public Instruction.
- ⌘ The county office of education shall post the agenda 72 hours prior to holding a second public hearing regarding the budget revisions, including the location where the revised budget and supporting data will be available for public inspection (only when not reimbursable under the Open Meetings Act Parameters and Guidelines).
- ⌘ The county board of education shall hold a second public hearing prior to finalizing the revised budget.
- ⌘ The county board of education shall file the adopted revised budget with the State Superintendent of Public Instruction, the county board of supervisors, and the county auditor.

D. Negative Fund or Cash Balances (Ed. Code, § 1625.)

When a county office of education reports a negative unrestricted fund balance or a negative cash balance in the annual budget report or in the audited annual financial statements, the county superintendent of schools shall prepare and include with the budget and the financial certifications a statement that identifies the reasons for the negative unrestricted fund balance or negative cash balance and the steps that have been taken to ensure that the negative balance will not occur at the end of the current budget year.

E. Interim Fiscal Report Preparation (Ed. Code, §§ 1240, subd. (j), 1240.2.)

The superintendent of schools of each county shall prepare and submit two reports during the fiscal year to the county board of education. The first report shall cover the financial and budgetary status of the county office of education for the period ending October 31. The second report shall cover the period ending January 31. Both reports shall be reviewed by the county board of education and approved by the county superintendent of schools no later than 45 days after the close of the period being reported. As part of each report, the superintendent shall certify in writing whether or not the county office of education is able to meet its financial obligations for the remainder of the fiscal year and, based on current forecasts, for two subsequent fiscal years. The certifications shall be classified as positive, qualified, or negative pursuant to standards prescribed by the State Superintendent of Public Instruction. Copies of each certification, and of the report containing that certification, shall be sent to the State Superintendent of Public Instruction at the time the certification is submitted to the county board of education.

F. Qualified and Negative Interim Fiscal Reports (Ed. Code, §§ 1240, subd. (j), 1240.2.)

Copies of each qualified or negative certification, and of the report containing that certification, shall be sent to the State Controller at the time the certification is submitted to the county board of education. (Ed. Code, § 1240 subd. (j).) The superintendent of schools of each county who files a qualified or negative certification for the second report required pursuant to Education Code section 1240, subdivision (j), and a county office of education that is classified as qualified or negative by the State Superintendent of Public Instruction, shall prepare and provide to the State Superintendent of Public Instruction and the State Controller, no later than June 1, a financial statement that covers the financial and budgetary status of the county office of education for the period ending April 30 and projects the fund and cash balances of the county office of education as of June 30. (Ed. Code, § 1240.2.)

G. Reports by Insolvent COE (Ed. Code, § 1630.)

If the State Superintendent of Public Instruction determines that the county office of education may be unable to meet its financial obligations for the current or two subsequent fiscal years, or if the county office of education has a qualified financial certification, the county office of education shall, upon the request of the State Superintendent of Public Instruction:

- Submit a financial projection of all fund and cash balances of the county office of education as of June 30 of the current year and subsequent fiscal years as the State Superintendent of Public Instruction requires (Ed. Code, § 1630 (a)(3).);

- ⌘ Encumber all contracts and other obligations (Ed. Code, § 1630 (a)(4).);
- ⌘ Prepare appropriate cash-flow analyses and monthly or quarterly budget revisions (Ed. Code, § 1630 (a)(4).);
- ⌘ Record, as appropriate, all receivables and payables (Ed. Code, § 1630 (a)(4).); and
- ⌘ Submit a proposal for addressing the fiscal conditions that resulted in the determination that the county office of education may not be able to meet its financial obligations. (Ed. Code, § 1630 (a)(5).)

The activities required by Education Code section 1630, subdivision (a)(4), do not include activities performed in the normal course of business. Reimbursement for these activities is limited to situations specified in Education Code section 1630 where the State Superintendent of Public Instruction requires the county office of education to perform the activities specified in Education Code section 1630, subdivision (a)(4).

H. Training

Train staff on implementing the reimbursable activities listed in section IV, activities A through G, of these parameters and guidelines. (One-time activity for each employee.)

V. CLAIM PREPARATION AND SUBMISSION

Each claim for reimbursement pursuant to this mandate must be timely filed and identify each of the following cost elements to each reimbursable activity identified in Section IV of this document.

A. Direct Cost Reporting

Direct costs are those costs incurred specifically for the reimbursable activities. Direct costs that are eligible for reimbursement are:

1. Salaries and Benefits

Report each employee implementing the reimbursable activities by name, job classification, and productive hourly rate (total wages and related benefits divided by productive hours). Describe the specific reimbursable activities performed and the hours devoted to each reimbursable activity performed.

2. Materials and Supplies

Report the cost of materials and supplies that have been consumed or expended for the purpose of the reimbursable activities. Purchases shall be claimed at the actual price after deducting discounts, rebates, and allowances received by the claimant. Supplies that are withdrawn from inventory shall be charged on an appropriate and recognized method of costing, consistently applied.

3. Contracted Services

Report the name of the contractor and services performed to implement the reimbursable activities. Attach a copy of the contract to the claim. If the contractor bills for time and materials, report the number of hours spent on the activities and all

costs charged. If the contract is a fixed price, report the dates when services were performed and itemize all costs for those services.

4. Fixed Assets and Equipment

Report the purchase price paid for fixed assets and equipment (including computers) necessary to implement the reimbursable activities. The purchase price includes taxes, delivery costs, and installation costs. If the fixed asset or equipment is also used for purposes other than the reimbursable activities, only the pro-rata portion of the purchase price used to implement the reimbursable activities can be claimed.

5. Travel

Report the name of the employee traveling for the purpose of the reimbursable activities. Include the date of travel, destination point, the specific reimbursable activity requiring travel, and related travel expenses reimbursed to the employee in compliance with the rules of the local jurisdiction. Report employee travel time according to the rules of cost element A. 1, Salaries and Benefits, for each applicable reimbursable activity.

6. Training

Report the cost of training an employee to perform the reimbursable activities, as specified in Section IV of this document. Report the name and job classification of each employee preparing for, attending, and/or conducting training necessary to implement the reimbursable activities. Provide the title, subject, and purpose (related to the mandate of the training session), dates attended, and location. If the training encompasses subjects broader than the reimbursable activities, only the pro-rata portion can be claimed. Report employee training time for each applicable reimbursable activity according to the rules of cost element A. 1, Salaries and Benefits, and A.2, Materials and Supplies. Report the cost of consultants who conduct the training according to the rules of cost element A. 3, Contracted Services.

B. Indirect Cost Rates

Indirect costs are costs that have been incurred for common or joint purposes. These costs benefit more than one cost objective and cannot be readily identified with a particular final cost objective without effort disproportionate to the results achieved. After direct costs have been determined and assigned to other activities, as appropriate, indirect costs are those remaining to be allocated to benefited cost objectives. A cost may not be allocated as an indirect cost if any other cost incurred for the same purpose, in like circumstances, has been claimed as a direct cost.

Indirect costs include: (a) the indirect costs originating in each department or agency of the governmental unit carrying out state mandated programs, and (b) the costs of central governmental services distributed through the central service cost allocation plan and not otherwise treated as direct costs.

County offices of education must use the J-580 (or subsequent replacement) nonrestrictive indirect cost rate provisionally approved by the California Department of Education.

VI. SUPPORTING DATA

A. Source Documents

For auditing purposes, all incurred costs claimed must be traceable to source documents that show evidence of the validity and relationship to the reimbursable activities. Documents may include, but are not limited to, worksheets, employee time records or time logs, cost allocation reports (system generated), invoices, receipts, purchase orders, contracts, agendas, training packets with signatures and logs of attendees, calendars, declarations, and data relevant to the reimbursable activities otherwise reported in compliance with local, state, and federal government requirements.

B. Record Keeping

Pursuant to Government Code section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a local agency or school district pursuant to this chapter is subject to audit by the State Controller no later than two years after the end of the calendar year in which the reimbursement claim is filed or last amended. * See the State Controller's claiming instructions regarding retention of required documentation during the audit period.

VII. OFFSETTING SAVINGS AND REIMBURSEMENTS

Any offsetting savings the claimant experiences in the same program as a result of the same statutes or executive orders found to contain the mandate shall be deducted from the costs claimed. In addition, reimbursement for this mandate received from any source, including but not limited to, service fees collected, federal funds and other state funds shall be identified and deducted from this claim.

VIII. STATE CONTROLLER'S OFFICE REQUIRED CERTIFICATION

An authorized representative of the claimant shall be required to provide a certification of the claim, as specified in the State Controller's claiming instructions, for those costs mandated by the state contained herein.

IX. PARAMETERS AND GUIDELINES AMENDMENTS

Parameters and guidelines may be amended pursuant to Title 2, California Code of Regulations, section 1183.2.

* This refers to Title 2, division 4, part 7, chapter 4 of the Government Code.
